Hi Lisa,

Just checking in on this again. Sorry to be a pain, but the PRPs keep asking me.

Thanks!
Stephanie

Sounds good! Will check dates. You all will be there too right?

Thanks.

Hi Lisa,

I wast meeting with the PRPs and (as I have mentioned) they are very anxious to come in and speak with the appropriate people.

We have other meetings planned with them for the first or second week of April, so it makes sense to try to schedule a meeting with you at the same time. Looking at my calendar, we could do:

April 2
April 3
April 8
April 9
April 10
Possibly April 11

Their strong preference would be for the 2nd or 3rd.

Let me know which, if any, of these dates would work. Maybe if we lock in a date for this meeting, it will help with scheduling your internal meeting? Or at least you can bring it up in your internal meeting.

Thanks!
Stephanie

Hey Stephanie!

I had written up the details and sent to the team to have the internal meeting on Friday (which was then cancelled due to another meeting with the COL). I was hoping for agreement via email and will follow-up with Joe on my proposal. He is down in DC this week briefing congressionals. You can see my emails from Friday. Again so sorry...

Hi Lisa,

We didn't hand anything out. Here's a map of Newtown Creek. The early action would address the lower 2-miles of the main stem of the creek, which goes up to just before the bridge and the turning basin. The details are yet to be determined.

I can probably provide more detail next week.

Thanks

Stephanie-

Can you quick send me a map for the interim action? Can't remember or find (if you did) hand out a map at the last meeting.

Thanks!

Thanks Stephanie. I sent the email to Joe Seebode asking who he wanted to be your POC. I will follow up with him.

Keep you posted.

Hey Stephanie! Can I give you a call later? I'm in the Dominican Republic on vacation- but can call. Just let me know if I need to call your cell if not at your desk - given my limited window.

Thanks!

Lisa

Hi Lisa,

I left you a voicemail earlier in the week. Was hoping I could touch base with you about the above-referenced site, today if possible.

Hope all is well!
